

## House Shares

We are proud to offer a quality selection of house shares located within the fabulous Docklands area of London in zone 2 of the public transport network (Canada Water, Surrey Quays, Bermondsey and Rotherhithe). All of our properties are within easy reach of Central London (30 minutes) and the City of London (15 minutes).

The residences offer an excellent range of rooms for both short and long stay students or for professionals looking for a more independent and self-sufficient approach to their stay. Each house share can accommodate from 3-8 people with shared facilities that include a common dining room, living room with TV, 1-2 bathrooms, kitchen and in most cases, even a garden with patio. Available rooms are either single (limited availability) or shared with one other person of the same gender, some with en-suite bathroom.

### All our independent house shares offer:

- \* A shared lounge
- \* TV, Hi-Fi and DVD player
- \* Wireless internet access
- \* A washing machine
- \* A microwave, fridge and freezer
- \* A fully equipped kitchen
- \* Central heating
- \* Weekly cleaning
- \* 24 hour emergency line service

The duration of the travel to the accommodation will vary depending on which airport/port of entry you are arriving from.

Spread across 2-3 floors, the properties have 5-7 bedrooms, some of which have en-suite bathroom facilities. There are single rooms as well as twin and triple rooms for sharing between students of the same gender.

There will be a maximum of 10 students but usually an average 6 per house, sharing full size bathrooms or shower rooms. Most of the properties have two communal bathrooms, some separate WCs and some houses offer en-suites.
